# MY PERSONAL PHILOSOPHY

Life is long... but really it's kind of short and not much is certain.

- We are born.
- We live.
- We die.

Living is our only  
guaranteed opportunity  
to experience things.

- This is our chance to be someone, to do something, and to make a difference (if we so choose).
- Remembered for doing great things or creating something new

# MY PERSONAL PHILOSOPHY

I may not be a person of strong opinions, but I am a person that enjoys discussion

- Ideas
- Concepts (why, how, what ifs)
